

## NEXT GENERATION SOLUTIONS FOR A WIRELESS WORLD

### **TRuepoint™ in Broadcast Solutions**

*Harris—Meet today and tomorrow's digital standards and future-proof the network*

# *TRuepoint™ Supports Broadcast Specific Requirements*

## BROADCAST SOLUTIONS

- FCC Part 74 compliant (U6, 13, 18 and 23 GHz)
- 10.0-10.68 GHz international band
- Uni- and bi-directional operation, saving license cost
- Single-TR repeater for uni-directional applications, saving on equipment cost
- Single platform offering plug-and-play choice of PDH, SDH, IP, ANSI, or CEPT interfaces.

## ***TRuepoint Making IRTE Successful in Italy***

### **BROADCAST SOLUTIONS**

- Harris MCD goes the extra mile to make our Broadcast partners successful
  - Developed 10.0-10.68GHz RFU for broadcast market
  - Partnered to develop a 3 RMS indoor high-power RFU based on TR5200
  - Module level agreement allowing in-country stock for ultra fast response (ship within days!)
  - Support DS3 in international plan

**IRTE®**

**HARRIS**

## *With TRuepoint, Customers are More Competitive and Profitable*

BROADCAST SOLUTIONS

- TRuepoint makes our customers more competitive and profitable:
  - **Industry-leading system:** smaller antennas, longer hops, better availability
  - **Scalability/growth path:** 2/4/8/16/21/35/50/75E1/STM-1p/STM-1/NxSTM-1, 4/8/12/16/28/58/87/100DS1, DS3/STS-1/OC-3 and Ethernet—complete interfaces offering in one platform!
  - **Lowest upgrade cost:** single-card upgrade PDH/SDH/IP
  - **Modular:** maximum flexibility; minimum sparing costs
  - **Pay-as-you-grow** (keys, cards,...)

**HARRIS**

# *With TRuepoint, Customers are More Competitive and Profitable*

BROADCAST SOLUTIONS

- TRuepoint makes our customers more competitive and profitable:
  - **Shortest** upgrade downtime, protecting revenue-generating traffic
  - **Future-proof:** add new muxes as they become available; same platform for PDH/SDH/IP
  - **Quality of Service (QoS):** protect critical traffic while still providing other services
  - **Advanced tools** reducing OPEX:  
Event Log with auto-dump, PCR  
(OPEX = OPerating Expense)
